

MICROMILSPEC

CUSTOM PROFESSIONAL WATCHES

Swiss at heart. Powered by high-quality mechanical movements. No electronic components – just proven and robust mechanics that can be repaired forever.
Expect excellence.

Made for you. Every production is unique, with custom details or emblems. Hidden symbols promote cooperation and unity only those apart of know

Made to order. We want your timepieces to remain as exclusive as they deserve. Therefore, they're available by appointment only, to lists pre-approved.

Customisable caseback. Our casebacks are a bold departure from the traditional. We take custom engraving to the next level to make your timepiece even more personalised. Important milestones, personal engravings, or why not both?

Those two famous words. Those two famous words. The “Swiss Made” label is synonymous with ultimate quality. Similar to the world's most renowned watchmakers, **MICROMILSPEC** carries that same seal of outstanding status.

Multiple functions.
Our watches aim to serve you in
the most complete way possible.
Reliably legible at night? Diving?
Check. Even extra time zones or
a compass if need be.
